Fit for adventure.

Ready for any journey, the Fit has plenty of room for fun along the way. And thanks to four different interior configurations, it can accommodate the whole crew. Packed with technology you’ll love, it won’t take long to see why the Fit is a great fit for you.

Fit Sport
- 1.5-liter, i-VTEC® 4-cylinder engine with direct injection
- 6-speed manual or available continuously variable transmission (CVT)
- Glass black 16-inch alloy wheels
- Fog lights

Fit Sport shown in Orange Fury.
Fit for leisure.
No matter the road trip, the Fit will help make sure it’s an enjoyable one. With an available leather-trimmed interior and cozy heated front seats, this ride has all the details necessary to facilitate comfort and style for all drives of life.

Delightful Design
• Race-inspired paddle shifters*
• Leather-wrapped steering wheel and shift knob*
• 180-watt audio system with six speakers*

*Available feature. Please refer to specs for actual trim application.

Fit Sport shown with Black Fabric. Opposite page: Fit Sport shown in Milano Red.

Fit for life.
The Fit is every bit as functional as it is fun. With great styling and a variety of amenities, you’ll be ready to go whenever your next adventure calls.

**A Connected Cabin**
- Apple CarPlay™ integration*
- Android Auto™ integration*
- Bluetooth® HandsFreeLink®
- USB Audio Interface*
- 7-inch Display Audio*
- Steering wheel-mounted controls
- Push button start*
- Honda Satellite-Linked Navigation System™*

*Available feature. Please refer to specs for actual trim application.
The Fit can take all kinds of people and all kinds of cargo all kinds of places, thanks to brilliant engineering and a little magic. The spacious interior has room for five, and the 2nd-row Magic Seat helps you configure your Fit four different ways.

**Utility Mode**
Fold the Magic Seat down and you’ve got an impressive 52.7 cubic feet of maximum cargo space. It’s amazing what fits in there.

**Long Mode**
Fold down the right side of the rear seat and fold back the front passenger seat, and you can haul gear that’s up to 7 feet, 9 inches long.

**Tall Mode**
Sometimes you need a little extra room for taller items. Folding up the 60/40 split Magic Seat gives you almost four feet of space, top to bottom.

**Refresh Mode**
Take off the front head restraints, fold back the front seats and you’ve got the perfect place to relax.

*Only use Refresh Mode (lower image) when the vehicle is safely parked. Return the seat and head restraint to their original position before driving.
Make your way around town, and have fun doing it. The Fit offers a nimble body structure and ingenious EarthDreams® Technology to give you plenty of zip and help you go longer between fill-ups.

**Fit for the daily commute.**

**Driver-Friendly**
- Multi-angle rearview camera with guidelines
- Advanced Compatibility Engineering™ (ACE™) body structure
- Eco Assist™
- Daytime Running Lights (DRL)
- 40-mpg highway rating*

*Fit EX-L shown in Lunar Silver Metallic.

*33 city/40 highway/36 combined mpg rating for LX CVT model. 31 city/36 highway/33 combined mpg rating for EX-L model. Based on 2019 EPA mileage ratings. Use for comparison purposes only. Your mileage will vary depending on how you drive and maintain your vehicle, driving conditions and other factors.
Fit for confidence.

Even the most attentive of drivers can miss things. That’s why the Fit offers Honda Sensing,® an available suite of safety and driver-assistive technologies designed to assist and help protect you and your passengers.

Collision Mitigation Braking System® (CMBS®)1 (opposite page)
CMBS can help bring your Fit to a stop by automatically applying brake pressure when the system determines that a frontal collision is unavoidable.

Adaptive Cruise Control (ACC)2 (top image)
ACC helps you maintain a set following interval behind detected vehicles for highway driving.

Lane Keeping Assist System (LKAS)3 (lower left image)
With your hands on the steering wheel, long highway drives are easier with LKAS, which subtly adjusts steering to help keep the Fit centered in a detected lane.

Road Departure Mitigation System (RDM)4 (lower right image)
RDM can determine if you cross over detected lanes without signaling, can provide steering assistance to help you return to your lane, or provide braking to help keep you from leaving the roadway entirely.

Fit Sport shown in Aegean Blue Metallic with available Honda Sensing.

Honda Financial Services

Whether you buy or lease a Honda vehicle, Honda Financial Services can assist you with the process. Please ask your dealer about these options to personalize your vehicle.

Honda Care®

Honda Care® is an affordable comprehensive vehicle and travel protection plan backed by Honda so you can be confident your vehicle and travel are protected.

Services include:

- Jump-starting
- Flat tire and lockout assistance
- Towing
- More (limitations apply)

24-hour emergency road service is available to you in the United States, Puerto Rico and Canada throughout your 3-year/36,000-mile limited warranty term.

Honda Authorized Retailers

Honda dealerships are conveniently located to serve you. Please ask your dealer which Honda Authorized Retailer is closest to you.

All 2019 Honda vehicles—and any Honda Genuine Accessories installed at the time of vehicle purchase—are covered by a 3-year/36,000-mile limited warranty.” Plus, Honda cars and trucks are covered by a 5-year/60,000-mile Limited Powertrain Warranty,” too. For more information or assistance, see your Honda dealer or please give us a call at 1-800-33-Honda.

Motor vehicle theft can affect your vehicle’s resale value. HondaCare® protects your vehicle from theft. For more information or assistance, see your Honda dealer or please give us a call at 1-800-33-Honda.

Access to 24-hour emergency road service is available to you in the United States, Puerto Rico and Canada throughout your 3-year/36,000-mile limited warranty term. Services include jump-starting, flat tire and lockout assistance, towing, and more (limitations apply). Call 1-866-635-2349.

24-hour emergency road service is available to you in the United States, Puerto Rico and Canada throughout your 3-year/36,000-mile limited warranty term. Services include jump-starting, flat tire and lockout assistance, towing, and more (limitations apply). Call 1-866-635-2349.

1. Apple CarPlay is a trademark of Apple Inc.
2. Android Auto and Android Auto Logo are trademarks of Google Inc.
3. The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc., and any use of such marks by Honda Motor Co., Ltd., is under license.
4. SiriusXM with 36-month satellite radio service plan, available in the U.S. and Puerto Rico, includes a free 30-day trial. Subscriptions after trial are pre-paid service, subject to the customer agreement. Internet service fees or other access charges may apply. Service fees, programming and availability subject to change. For more details, call 1-866-635-2349. During trial, you may receive any or all of these things; after trial, you decide whether to continue your subscription and service fees will automatically renew unless you decide to cancel. Prepaid plans can be cancelled any time prior to expiration. Any unused months are not refundable. The SiriusXM Connect Vehicle Service may not be available in all areas.
5. HD Radio™ is a proprietary trademark of iBiquity Digital Corporation. HD Radio is available on vehicles with Advanced Audio Features (such as Satellite Radio, Satellite Navigation, Navigation System, Honda Satellite-Linked Navigation System, and 8” Display Audio). Consult your Honda dealer for availability of HD Radio. HD Radio "tuners and receivers are compatible with certain HD radio-capable devices, such as those that can be connected to external antennas, such as those available from select retailers. Consult your retailer for compatibility.
7. The USB interface is used for playback of MP3, WMA or AAC music files from digital audio players and other USB devices, as well as smartphone data transfer on designated Smartphone/Audio Interface ports. Some USB devices may not be compatible with Honda’s system.
8. The USB interface is used for playback of MP3, WMA or AAC music files from digital audio players and other USB devices, as well as smartphone data transfer on designated Smartphone/Audio Interface ports. Some USB devices may not be compatible with Honda’s system.
9. Advanced Compatibility Engineering, ACE, is a Honda feature that combines lightweight body structure, crumple zones, and stiffening rails to form a safety cage within your vehicle. If your vehicle is involved in a collision, and the ACE cage is intact, it can help contain passenger impact forces. ACE cannot detect all objects ahead and may not detect a given object; accuracy will vary based on weather, speed and other factors. ACC should not be used in heavy traffic, poor weather conditions, and on winding roads. For more information about ACC, see your Honda dealer or please give us a call at 1-800-33-Honda.
10. “Collision Mitigation Braking System” (CMBS) is a forward collision mitigation system that can help detect a collision with another vehicle or a pedestrian ahead. If activation criteria is met, CMBS can help assist the driver in bringing the vehicle to a complete stop to help decrease the risk of a collision. CMBS cannot detect all objects and may not detect a given object; accuracy will vary based on weather, speed and other factors. System operation affected by severe weather (rain, sleet, snow, dust,雾霾等). CMBS is not a replacement for the driver’s own brakes. CMBS cannot detect all objects and may not detect a given object; accuracy will vary based on weather, speed and other factors. System operation affected by severe weather (rain, sleet, snow, dust,雾霾等). CMBS is not a replacement for the driver’s own brakes.
11. Collision Mitigation Braking System” (CMBS) is a forward collision mitigation system that can help detect a collision with another vehicle or a pedestrian ahead. If activation criteria is met, CMBS can help assist the driver in bringing the vehicle to a complete stop to help decrease the risk of a collision. CMBS cannot detect all objects and may not detect a given object; accuracy will vary based on weather, speed and other factors. System operation affected by severe weather (rain, sleet, snow, dust,雾霾等). CMBS is not a replacement for the driver’s own brakes.
12. LaneWatch is a side view monitor that can help detect objects in your vehicle’s blind spot. LaneWatch is not a replacement for the driver’s own side view mirrors. It is designed to enhance awareness, not provide all-around visibility. LaneWatch is not a replacement for the driver’s own side view mirrors.
13. ACC cannot detect all objects ahead and may not detect a given object; accuracy will vary based on weather, speed and other factors. ACC should not be used in heavy traffic, poor weather conditions, and on winding roads. For more information about ACC, see your Honda dealer or please give us a call at 1-800-33-Honda.
